

May 31 st	Connected Cities Track 1	Connected Cities Track 2		IoT NA Track 1	IoT NA Track 2
7:00 am	Registration Opens - Breakfast		7:00 am	Registration Opens - Breakfast	
8:15 am	Keynote Session: TInnovation with an Accent: How One City is Prioritizing Smart City Technology to Rebuild Smarter <i>Joel Robideaux / Mayor - City of Lafayette, LA.</i>		8:00 am	Keynote Session: The New Age of IoT: Machine Learning and the Cloud <i>Rui Costa / Senior Engineer - Google Cloud Platform</i>	
9:00 am	India and European Smart Cities Panel <i>Moderator: Shivakumar Mathapathi / CTO Dew Mobility, Panelists: Nannapuneni Narendra / Mayor - Warangal, Telangana State Nial McNelis / Councilor and Mayor Elect - Galway, Ireland Dr. Raju Bukya / NIST Niall O'Brolchain / Former Mayor and e-Gov Researcher - University of Galway</i>		9:00 am	The Three Phases of IoT <i>Sameer Sharma / GM of IoT Solutions - Intel</i>	
10:00 am	Networking Break - Exhibit Hall Opens		10:00 am	Networking Break - Exhibit Hall Opens	
11:00 am	Boston's Beta Block Civic Experimentation Program <i>Jaclyn Youngblood / Program Director of the Mayor's Office of New Urban Mechanics - Boston Lauren Stott / Smart City Researcher, Emerson College</i>		11:00 am	RFID and LPWAN for Blockchain Asset Tracking Applications <i>Dan Clement / Principle Engineer On Semiconductor</i>	The Game-Changing Paradigm Shift for a new IoT World <i>Dr. Shuang Chen / CEO - Huaxia Express Technoloy</i>
11:45 am	San Leanfro's Smart LED Wireless Network <i>Tony Batalla / Head of IT, City of San Leandro</i>	Urban Resiliency - Powered by Smart Cities <i>TJ Costello / Smart Cities and IoT Director - Cisco</i>	11:30 am	It's all Chain to Me <i>John Greaves / IOT, RF and Blockchain Solutions Architect - Lowry Solutions</i>	The Remote Intelligent Edge - FHSS <i>Eddit Garcia / Technical Manager FreeWave Technologies</i>
12:30 pm	Networking Lunch		12:00 pm	Networking Lunch	
1:30 pm	Our Case for Change - The Smart Columbus Electrification Program <i>Smart Columbus Partnership</i>	IoT Standardization for Smart Cities <i>Rouzbeh Farhoumand / oneM2M Representative and Senior Director of Core Network Standards - Huawei</i>	1:00 pm	Adapting Blockchain Technology to IoT Applications <i>Jim Kokal / President & CEO - WaveTriX</i>	Building & Billing an IoT Business: Preparing for the Future of IoT <i>Sam Colley / CEO - Pod Group USA</i>
2:15 pm	The Smart State Journey in Illinois <i>Kevin O'Toole / Chief of Transformation Applications, Architecture and Digital Innovation - State of Illinois</i>	Sustainable Nation: The Integration of High Performance Urban Design <i>Doug Farr / Founder & President - Farr & Associates</i>	1:30 pm	Accelerate Blockchain Applications Development with BPM <i>Pierrick Voulet / Technical Consultant - BonitaSoft</i>	
3:00 pm	Sensors are Just the Start <i>Abhi Nemani / Former CIO of Sacramento and CDO, Los Angeles and Smart City Consultant - Ethos Labs</i>	The Smart City Protocol to Manage Smart Services <i>Simon Dunkley / Secretary General TALQ Consortium</i>	2:00 pm	Deploying Blockchain for IoT <i>Nelson Petracek / CTO, Strategic Enablement Group TIBCO</i>	Living' on the Edge <i>Murali Kashaboina / Founder, CEO & Chief Data Scientist - Entrigna</i>
3:45 pm	Networking Break		2:30 pm	Secure Delivery using PKI and Blockchain <i>Nisarg Desai / Director of Product Management GlobalSign</i>	How the 3rd Wave of Internet Evolution will Affect Manufacturing Automation Systems <i>John Rinaldi / Business Development Manager - RTA</i>
4:00 pm	The Pozuelo Smart City <i>Miguel Castillo / Vice President of Global IoT Business Development - Altair</i>	A+: Cities Getting Smarter Through Improved Infrastructure <i>Lisa Brown / Senior National Director of Gov., Municipal Infrastructure - Johnson Controls</i>	3:00 pm	Networking Break	
4:30 pm	Smart Buildings and Smart Cities <i>Christina Jung / Senior Consultant - Navigant Research</i>	The Edge - Supporting the Connected City <i>Herb Villa / Data Center Systems Consultant - Rittal North America LLC</i>	3:15 pm	Blockchain Track Wrap-up Panel <i>Moderator: Jim Kokal / WaveTriX</i>	
5:00 pm	Cocktail Reception		4:15 pm	Bringing Standards Together for the Smart Home <i>Tobin Richardson / President and CEO - Zigbee Alliance</i>	The Journey from Industrial RFID to the IIoT <i>George Daddis / CEO & President - Omni ID</i>
			4:45 pm	Are Standards the Key to Unlocking the Power of Interoperability? <i>Dr. Len Dauphinee / President - HomeGrid Forum</i>	
			5:15 pm	Cocktail Reception	

June 1 st	Connected Cities Track 1	Connected Cities Track 2		IoT North America Track 1	IoT North America Track 2
7:30 am	Registration Opens - Breakfast		7:30 am	Registration Opens - Breakfast	
8:15 am	Smart and Open Data for Your City - Panel <i>Panelists: Jordan Shaw / IT Director, City of Franklin Scott Clark / Executive Director for Technology and CIO - Chapel Hill, NC Emir Biser / State Data Practice - State of Illinois</i>		8:00 am	Keynote Session: What Happens When the Internet of People Becomes the Internet of Things? <i>Cees Links / WiFi Pioneer - Qorvi</i>	
9:15 am	Can Procurement Innovation Keep up with the Speed of Smart City Technology <i>Moderator: Andrew Watkins / President and COO - Marketplace.city, Panelists: Luke Stowe, CIO - Evanston, Ill. Additional Panelists TBA</i>		8:45 am	Featured Presetation <i>To be Announced</i>	
10:00 am	Networking Break in Exhibit Hall		9:30 am	Networking Break in the Exhibit Hall	
10:30 am	Challenges and Solutions to Developing a Smart City <i>Moderator: Sandra Baer / President - Personal Cities, Panelists: Michael Van Mlligen / City Manager - City of Dubuque, IA Kevin Martin / Smart City Planner - Portland. Additional Panelists TBA</i>		10:00 am	IoT Security Panel <i>Moderator: Randy Vanderhoof / Secure Technology Alliance, Panelists: Sri Ramachandran - G+D Mobile Security, RanJeet Khanna - Entrust Datacard, John Neal - NXP Semiconductor, Stefania Boiocchi - Infineon</i>	
11:30 am	Smat Cities - Think Big, Start Small, Move Fast <i>Sameer Sharma / GM, IoT Solutions - Intel</i>	Buidling a Smart City IoT Weather Assistant <i>Dalton Oliveria / Engineer and Project Manager Sao Paulo State Government</i>	11:00 am	Preparing IoT for AI and Regulatory Compliance in 2018 <i>Maria Horton, CEO & Founder - EmeSec</i>	The Connected Car & the Case for a Security-First Mindset <i>Jonathan Nguyen-Duy / VP, Strategic Programs - Fortinet</i>
12:00 am	Networking Lunch		11:30 am	Hacking Everything - The Dark Side of IoT <i>Jeff Crume / Distinguished Engineer & IT Security Architect - IBM</i>	IoT Prototypes & What to Consider <i>Phillip Toso / Enterprise IoT Solutions Lead - Venture Technologies</i>
1:00 pm	Smart Lighting at Scale: The Chicago Smart Lighting Project <i>Fritz Feiten / National Director, LED Lighting and Smart City Solutions - Ameresco</i>		12:00 pm	Networking Lunch	
1:30 pm	Turning Big Data into Local Insights for Smart Cities <i>Monali Shah / Director of Intelligent Transportation HERE Technologies</i>	Creating Smart Buildings: Intelligent Lighting is the Key to Better Building Automation and Control <i>Gary Trott / VP of Intelligent Lighting - Cree</i>	1:00 pm	Cybersecurity as an Enabler for IoT <i>Ken Modeste / Principle Engineer and Cybersecurity Lead - UL</i>	
2:00 pm	Smart Security Solutions for the Smart Homes and Cities of the Future <i>Dr. Len Dauphinee / President - HomeGrid Forum</i>	Realizing Smart Cities Potential with Smart Network Infrastructure <i>Dr. Derek Peterson / CTO - Boingo</i>	1:30 pm	Practical IoT Security Considerations <i>Eric Uner / CTO - Redwall Technologies</i>	
2:30 pm	Technology and Natural Disaster Risks: Making a Smart and Resilient City <i>Vivian Dombrowski / Founder - LLM Consulting</i>		2:00 pm	The Legal Case for Building IoT Devices <i>Steve Wernikoff / Partner - Honigman Miller Schwartz and Cohn LLP</i>	
3:00 PM	Conference Conclusion		2:45 pm	Conference Conclusion
